

WOMEN IN BUSINESS PACKAGES

Characteristics:

We support the efforts of Women in Business to grow and expand their business, because we believe that investing in favor of women is an investment for the society. This is the reason why we want to become your bank of choice, by offering banking products, services and support you need!

Therefore we have created alongside financing products also two packages of products and services dedicated exclusively to you, in order to meet your business needs and to ease your life.
